Green Light®

All Purpose 20-20-20 Plant Food with 0.10% Chelated Iron & 0.05% Chelated Zinc

Green Light All Purpose 20-20-20 Plant Food is a concentrated water soluble plant food immediately available to plants. It is designed and formulated to help your plants grow and maintain their natural beauty. This food contains the essential nutrients for normal growth.

Guaranteed Analysis

Total Nitrogen (N)	20%
2.00% Nitrate Nitrogen	
18.00% Urea Nitrogen	
Available Phosphate (P ₂ O ₅)	20%
Soluble Potassium (K ₂ O)	20%
Iron (Fe)	0.10%
0.10% Chelated Iron (Fe)	
Zinc (Zn)	0.05%
0.05% Chelated Zinc (Zn)	

Derived from potassium nitrate, potassium phosphate, urea, iron EDTA, and zinc EDTA. Chelating agent is Ethylenediaminetetraacetic Acid (EDTA). All plant foods such as this which are to be dissolved in water have a great affinity for moisture and will absorb moisture and may become hard or damp in storage and handling. Dampness or hardness does not harm its effectiveness. Use as directed.

Directions:

Dissolve in water before using. Completely dissolve 3/4 Teaspoon in 1 quart of water or 1 Tablespoon in 1 gallon of water. Use any convenient container such as a watering can, jar, or pail to dissolve plant food in and apply.

CAUTION: Keep Out of Reach of Children.
