## GREEN LIGHT INTRODUCES NEW LAWN INSECT KILLER GRANULES

**San Antonio, TX** - January 1, 2006 – **Lawn Insect Killer Granules** is now available from Green Light in a 10 lb. size.

**Lawn Insect Killer Granules** features the active ingredient Permethrin, a fast-acting insecticide.

Green Light **Lawn Insect Killer Granules** provide up to four weeks of control in lawns and around homes for Ants, Armyworms, Cutworms, Crickets, Earwigs, Fire Ants, Fleas, Grubs, Roaches, Sowbugs (Pillbugs), Spiders, Ticks, and many other insect pests.

Green Light **Lawn Insect Killer Granules** feature **EcoGranules**<sup>®</sup>, an organic carrier which combines reliable performance and quality with environmental responsibility. The layered, onion-like structure consists of a cellulose fiber core surrounded by multiple coated layers, enabling a biodegradable organic delivery system with superior absorption. The fine fibers in the core of the **EcoGranule**<sup>®</sup> are recycled from fine industrial wood dust or other fine cellulose material. This advanced formula of **Lawn Insect Killer Granules** kills targeted pests in 24 hours.

For more information on Green Light **Lawn Insect Killer Granules**, as well as the entire line of Green Light Products, contact the Green Light Company, P.O. Box 17985, San Antonio, Texas 78217-0985, or visit our website, [www.greenlightco.com](http://www.greenlightco.com).

Green Light is a 100% employee-owned company. Electronic images available upon request.
