## GREEN LIGHT INTRODUCES NEW ORGANIC SPOT WEEDER READY-TO-USE

**San Antonio, TX** - January 1, 2006 – **Organic Spot Weeder Ready-to-Use** quart is now available from Green Light.

As part of a growing family of organic products, Bioganic® products were developed to provide consumers with formulations that are safe around children, pets, and the environment. **Organic Spot Weeder** is the result of many years of research on natural alternatives. The active ingredients in this patented formulation are made from plant oils and other ingredients and are widely used as food and cosmetic additives.

Green Light **Organic Spot Weeder Ready-To-Use** is a contact, non-selective, broad-spectrum, foliar herbicide. It controls both grassy and broadleaf weeds such as: Annual Bluegrass (*poa annua*), Annual Morningglory, Barnyardgrass, Black Nightshade, Chickweed, Clover, Crabgrass, Dallisgrass, Foxtail, Goosegrass, Henbit, Johnsongrass, Lambsquarters, Nutsedge (Yellow), Pigweed, Purslane, Spurge, Thistle, Velvetleaf, Witchgrass, and many other weeds.

For more information on **Organic Spot Weeder**, as well as the entire line of Green Light Products, contact the Green Light Company, P.O. Box 17985, San Antonio, Texas 78217-0985, or visit our website, [www.greenlightco.com](http://www.greenlightco.com).

Green Light is a 100% employee-owned company. Electronic images available upon request.
